

# Plumbers, Pipefitters, and Steamfitters

Plumbers, Pipefitters, and Steamfitters assemble, install, and repair pipe systems according to plans and plumbing codes. They work with piping systems that move liquid, gas, or semisolid material. Plumbers, Pipefitters, and Steamfitters also install plumbing for rainwater capture, gray water, or solar panel systems. Classroom training and on-the-job training are needed.

Employees in this field must have at least a high school diploma or GED. Plumbers, Pipefitters, and Steamfitters are detail oriented and hand-on problem solving. Work environments can be inside or outside.
